## Stylish

**Our stylish AccessCO Deluxe Lift has been designed by our team of experts to make your life easier.**

Created specially for the home, it is elegant and compact and will fit neatly into rooms of all sizes, practically anywhere you choose. It can even be custom made to suit your décor.

The AccessCO Deluxe Lift will future proof your home so you don't have to worry about the emotional stress and upheaval of moving house if the stairs become too much.

## Improve your lifestyle

- ✓ Reliable hydraulic drive system
- ✓ No lift shaft required minimises the space required for the lift
- ✓ Smart corner design minimises the lift footprint
- ✓ Safety glass vision panels which will not scratch or discolour
- ✓ One-touch controls. No need for constant pressure to the controls unlike some other lifts on the market
- ✓ Wireless Bluetooth landing controls making it easy to decide on wall control location
- ✓ A low cabin floor profile, less than two inches, makes it easy to step into the lift
- ✓ Fire and smoke protection as standard making the lift totally safe when serving room to room
- ✓ Quick, no mess, no fuss installation
- ✓ Designed and manufactured in Britain

# Quality comes as standard

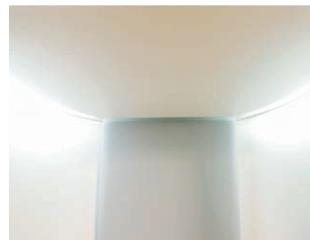

Tasteful and elegant, enjoy these premium features with your Deluxe Lift.

A stylish white exterior and impressive interior cabin

Silver centre console

Controllable dimmed ceiling down lighting

Straight stainless steel handrail

Easy to use lift controls

Wireless landing controls

Fire seals for both levels

## Maximise your living space

Neatly tucked away, the back-to-the-wall guides at each level give you full unobstructed access to your living space.

### Interesting AssessCO Deluxe Lift facts

To ensure the quality and reliability of every lift, we assemble all component parts. Door locks, printed circuit boards, hydraulic pumps and rams are rigorously tested in-house before they leave our factory.

As standard, the lift is fitted with laminated safety glass which is far stronger and scratch resistant than cheaper alternatives.

The lift uses AssessCO designed bespoke electronic control systems.

Each lift is fully tested when the installation is complete, following which, a test certificate is issued which supports the warranty.

# Make it yours

No need to redecorate. Your AccessCO DeluxeLift can be tailor-made to suit your tastes and your home.

Choose from our range of colours and finishes to create the perfect lift for you.

## Peace of mind

**At AccessCO Lifts, we have combined luxury with the latest technology, making our new Lifestyle a top of the range lift of the highest quality.**

### Safety First

Your safety is our primary concern. It is important that you feel safe and secure when you are using your Deluxe Lift.

- ✓ Fire protection between the upper and lower floors, whether the lift is parked upstairs or downstairs, to the requirements of BS5900: 2012

- ✓ Should a power outage occur at your property whilst the Deluxe Lift is in use, the manual lowering system and battery backup will return you safely to the ground floor. The system can be operated from inside and outside the cabin, allowing lone occupants to use the lift in complete confidence
- ✓ A load capacity of 250kg (39 stone)
- ✓ Certificated to EU Machinery Directive for a lift travel above 3 metres
- ✓ 12 month warranty including one service visit
- ✓ We have a dedicated aftercare support team to assist you with using your lift

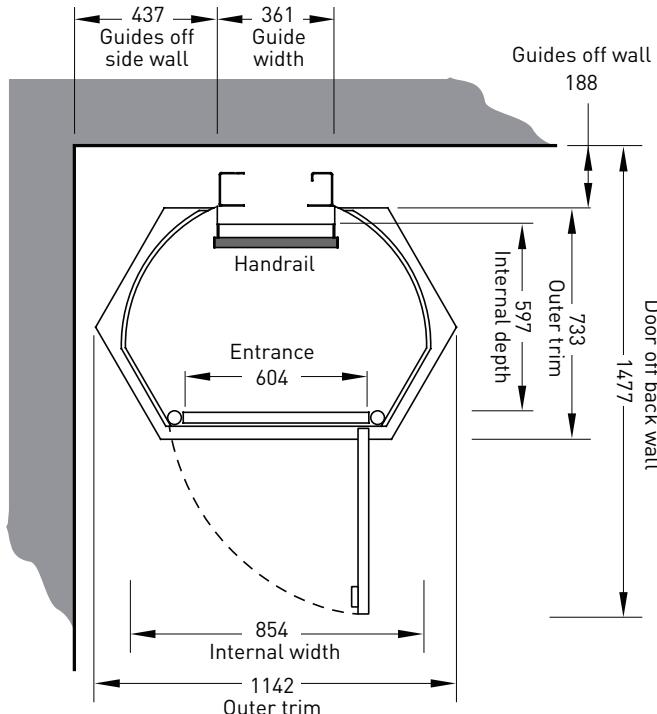

Pressure sensitive safety surfaces stop the lift if obstructed from above or below

# Key dimensions

**Slim and stylish, the AccessCO Deluxe Lift has a small footprint and will fit discreetly almost anywhere in your home.**

- Internal headroom – 1985mm
- Maximum travel – 3.6m
- Upper level room height required – 2.25m
- Details and dimensions available for corner fit solution

**Important:** This information is for guidance only and must not be used for project design. Technical information is available to assist you and our surveyors are on-hand to advise.

## Frequently asked questions

### Is it possible to get stuck in a Deluxe Lift?

If there is a power cut at your property, then the battery backup will maintain operational control of the lift to lower to the ground floor. If all else fails, the manual lowering system can be operated with assistance from outside the lift to enable you to travel to the ground floor. In addition, we provide a telephone inside the lift.

### Can I use my wheelchair in a Deluxe Lift?

No, however, we have designed the Deluxe Lifts in collaboration with our customers to meet the requirements of a wheelchair user or an attended wheelchair user. Illustrated on the back of this brochure.

### Does AccessCO Lifts manage the building work?

Yes, we can complete all building work or alternatively, we can provide a Specification Guide to your builder. The choice is yours. Normally, no major structural work is required.

### How much space does a Deluxe Lift require?

The footprint of the Deluxe Lift is smaller than that of a typical armchair. Please refer to size diagram above or we can provide a footprint template to position in your home.

### Is the Deluxe Lift safe in the event of a fire?

The Deluxe lift is fire and smoke test certificated by an approved and accredited test laboratory and complies with BS5900:2012 in relation to through floor lifts. This covers fire safety for the Lifestyle Lift in both the lower and upper position.

### I plan to keep my lift for a very long time, will AccessCO Lifts service and care for my lift?

Yes. AccessCo Lifts can provide a service and maintenance package to suit your requirements. Please contact our aftercare service team to discuss options that are available.

### Can installing a Deluxe Lift be cheaper than moving home?

Yes, almost certainly. We are often told by our customers that it was cheaper and less stressful than moving home.
